

Workshop on Critical Applications of Biometrics - Beyond the 3D Face Project

Thursday April 16, 2009

This workshop will present the 3D face project and the results achieved in the field trials. Invited experts from the biometric community and stakeholders of large scale applications will discuss on critical applications and the path beyond the 3D Face project.

The Workshop will take place on April 16, 2009 at the **Federico II Conference Center**, Via Partenope - Napoli, Italy.

For further information and registration for this workshop do not hesitate to contact:

Mario Savastano
CNR / IBB c/o DIEL
Federico II University of Napoli

Phone: +39 081 7683207

Agenda of the workshop

- 09:00 : Registration
- 10.00 : Welcome Address
- 10.10 : The 3D Face Project (Jean-Marc Suchier, Sagem Sécurité)
- 10.30 : The Results of the Project (Christoph Busch, Fraunhofer IGD / Hochschule Darmstadt)
- 10.50 : The Future of the Project (Alexander Nouak, Fraunhofer IGD)
- 11.10 : Coffee Break
- 11.30 : The RISE Project (Rising pan-European and International Awareness of Biometrics and Security Ethics) (Emilio Mordini, University La Sapienza Rome)
- 11.50 : Privacy and accessibility (Mario Savastano, CNR IBB)
- 12.10 : The Accessibility Questionnaire (Ludwig Turba, Airport Berlin / Herbert Hess, Salzburg Airport)
- 12.30 : Lunch
- 13.30 : Applications of Biometrics at the UK Ministry of Justice (Alan Lindfield, UK Ministry of Justice)
- 13.50 : Video-surveillance & biometrics (Giovanni Garibotto, Eltag / Fimmeccanica)
- 14.10 : Moscow Public Security: Legislation and Practice (Inna Svyatenko, Public Security Commission - Moscow Duma)
- 14.30 : Overview of Biometrics in Russian Security Industry (Alexander Ivanchenko, Russian Security Industry Association)

14.50 : Closing Remarks (Mario Savastano, CNR IBB)

15.30 : Farewell Coffee

The second dissemination workshop of the 3D Face project took place on **July 12, 2007**

The third dissemination workshop of the 3D Face project took place on **September 11, 2008**
