#### Project Coordinator

Centre for Science, Society and Citizenship, *Italy*

#### Project Partners

Aristotle University of Thessaloniki, *Greece*  
Biometric Research Centre, *China*  
Center for Policy on Emerging Technologies, *US*  
Data Security Council of India, *India*  
European Biometrics Forum, *Ireland*  
Global Security Intelligence, *US*  
Lancaster University – CESAGEN, *United Kingdom*  
University of Tartu, *Estonia*

RISE is a 36-month Coordination and Support Action (CSA) funded under FP7, SP-4 Capacities, Grant agreement no.: 230389

The Biometrics Security & Data Protection Meeting is organised by:

Hosted by Italian Institute of Culture

## What is RISE?

Rising pan-European and International Awareness of Biometrics and Security Ethics (RISE) is an international initiative for promoting Awareness on Ethical Aspects of Biometrics and Security Technologies. RISE will deepen, enlarge, and ensure continuity to European and international dialogue already instigated by the international conferences on ethics and biometrics organised by the EC DG Research and the US DHS Privacy Office respectively in Brussels and Washington DC in 2005 and 2006.
